Education

Smith College

B.A. in Statistical & Data Sciences; Computer Science minor | Orchestra, Sazanami Japanese Club

Northampton, MA

May 2026

Relevant Courses: Microeconomics, Macroeconomics, Time Series Analysis, ML, Multiple Regression, Visual Analytics

Horace Mann School

High School Diploma | Concertmaster, Orchestra | President, Asian Culture Club & Feminist Club

Bronx, NY

June 2022

Skills & Experience

Programming: R, Excel, Python, SQL, Stata, Java, C, CSS, Javascript, HTML, C++, Assembly Language

Collaborative Platforms & IDE: Microsoft Office and Google Drive, Trello, Slack, Github, VSCode, Jupyter, Overleaf

Languages: Native and Business Fluency in Japanese & English, Proficiency in French

Certifications: Securities Industry Essentials (SIE) Candidate – (Expected Pass Date: 09/2026); Wall Street Prep Courses:

US GAAP & IFRS, Financial Statement Modeling, Accounting; Miss Excel Courses: Power BI, Advanced Excel

Smith College

Northampton, MA

Local Client Project: Carbon Emissions Calculator for Pedal People Co-op

Jan - May 2026

- Measured carbon offsets by applying Traveling Salesman & Dijkstra's Algorithm with multiple regression techniques on raw data from annual compost, paper, plastic, and trash collection by bike for client's 1,027 and growing customers
- Elected project manager for Sprint 3 of 4; met biweekly with client to discuss statistical methodology and consult sanitation professionals, met weekly in project team to delegate research, modeling/coding, and client communication
- Connected results to unique customer profiles on our client's website using API, delivered a final presentation on our process and project timeline, published an open code [Github repository](#) for public use and future calculator iterations

Research Project: Constraint-Based IP Geolocation via Multi-Stage Landmark Selection

Sep 2024 - May 2026

- Designed and successfully pitched an IP geolocation pipeline to head researchers Prof. Shinyoung Cho and Arani Bhattacharya, achieving 70.3% accuracy at city level while reducing computational costs from 795 pairwise global anchor measurements to 83 with efficient probe selection; paper submitted to 2026 Internet Measurement Conference
- Calculated behaviors of calibration rate stability for all 795 RIPE Atlas anchors through white noise and stationarity tests, On Line Change Point Analysis, and iterative Moving Average smoothing in R to identify the rate at which calibration rates should be retrieved from RIPE Atlas for consistent, high quality input data for the geolocation pipeline

Member of LEAD Corps and 2024 Office for Equity & Inclusion (OEI) Summer Intern

May 2024 - May 2026

- Restructured and designed the Elevate Your Activism resource into a website internally available to 3,000+ students, staff, and faculty, using Canva, Mural, and Google Sites, directly recognized by College President and VP of OEI
- Dedicated 10 hr/week to design, curate, and deliver 35+ workshops, trainings, and consulting projects for student organizations, clubs, capstone classes, sports teams, faculty groups, and staff on conflict resolution and DEIB topics

Teaching Assistant & Grader for SDS 293: Machine Learning (ML)

Aug - Dec 2025

- Graded, corrected, & returned feedback to 19 students on each of their 31 total labs, quizzes, problem sets; 10hr/week
- Reported pedagogical input at weekly meetings with Prof. Albert Kim to accommodate a new unit on neural networks

Educate Young Girls

Remote/Northampton, MA

Fundraising and Grantwriting Intern

May - Aug 2025

- Researched and evaluated 200+ grantmaking foundations to identify funding opportunities for a vocational school project in Cameroon, prepared grant materials, conducted funding outreach communications to meet goal of \$210,000

Leadership

Lamont House, House President (HP)

May 2024 - May 2025

- Represented Lamont in House Presidents Association before College Alumnae, Administration, and Board of Trustees
- Renewed and ensured internal compliance with Lamont Constitution, led weekly council meetings to delegate roles to members for event planning/budgeting, oversaw all activities for this 80-member dormitory from start to completion
- Wrote and distributed a weekly newsletter of regulatory notices & advertised campus events featuring house residents

Lamont House, Head of New Students (HONS)

May 2023 - May 2024

- Mentored 25 first & transfer students, led house orientation, and delivered 7 underclassmen focused events, resulting in Lamont becoming the most requested non-single room dorm for Fall 2024 and election as House President

Smith College Orchestra, Concertmaster

Sep 2024 - May 2026

- Selected winner of the 2025 Concerto Competition, performed at the 2026 Collegiate Orchestral Director's Association (CODA) Conference, and performed with the Smith College Theater production of *Into The Woods*
